

WHISKY

DR JEKYL'S NORDIC SERIES

"The new exotic"! Nordic whisky is growing fast and we've been admiring the work and quality of the producers for a long time. We want to play our part and make sure this category gets the attention it deserves. What make the Nordics so interesting is the variations in production, something we have tried to capture in our Nordic series. Our first destination was Finland, where we, in a true adventurer's fashion, acquired a cask made of Finnish rye, in the city of "Isokyrö" amidst a winter storm. Our journey continued to our homeland, where we found ourselves on the island of Myken, a small fishing community far from the mainland up north. Despite getting stranded due to adverse weather conditions, we persevered, carrying with us an exquisite Norwegian whisky. As we ventured to Denmark for the third cask, we finally got some amazing weather at Fyn while going to Mosgaard distillery. We picked not one, but two small organic whiskies! Finally, our last stop was Smögen in Sweden, where we completed our Nordic series by acquiring the fifth whisky on a road trip down the beautiful west coast.
